

Background and Purpose

Contributions to the ISAPS *Education Council Endowment Fund* and profits resulting from our courses and the biennial Congresses allow us to offer the ISAPS **Visiting Professor Program (VPP)** which brings the best educators in aesthetic surgery to regions around the world that may otherwise never be exposed to modern surgical and non-surgical aesthetic surgery training.

- **The primary intention of this program is to provide intensive, hands-on training for residents and fellows.**
- **A secondary advantage is for faculty to present lectures to larger audiences while they are visiting. The VPP is not intended to provide funding for conference speaker.**

The person requesting a VPP will work with their National Secretary, university and other plastic surgery teaching facilities to provide this program. ISAPS will send the top names in aesthetic surgery, and the host country's major teaching university will take advantage of this volunteer education program.

--- **Renato Saltz, MD - VPP Program Chair**

1. No Professor will be asked to provide more than one VPP per calendar year. Exceptions may be entertained by the Program Chair.
2. No program can request more than one VPP per calendar year. Exceptions may be entertained by the Program Chair.
3. The local host will be responsible for organizing the visit.
4. All requests for VPPs must be submitted to the Program Chair and Executive Director first.
5. To request a VPP, the local host must contact ISAPS for scheduling no later than three months before the requested visit dates. A full program outline that includes time with residents and fellows, including live surgery where permitted, and related lectures must be submitted with the application.
6. The local host will be responsible for managing local arrangements, media exposure, hotel accommodations, meals and local transportation, teaching facilities, temporary license for the Visiting Professor from the local authorities if required by local laws, and daily scheduling of the Visiting Professor's visit. Financing of the expenses in this section are the responsibility of the local organizers.
7. The visit will be featured in a subsequent *ISAPS News* article written by the Visiting Professor, with optional input by the host, to encourage others to provide a Visiting Professor Program, a major feature of ISAPS education activities.
8. ISAPS is not obliged to promote the VPP through any of its publications, social media or website.
9. Each Visiting Professor will receive \$5,000 to cover travel expenses from the Education Foundation for each trip. Payments are made directly to the Visiting Professor on receipt of his or her travel expense form.
10. The local host will be responsible for promoting/marketing/overseeing the Visiting Professor trip in the host country.

ISAPS VISITING PROFESSORS – 2023-2024

Rhinoplasty

- Nazim Cerkes - Turkey
- Enrico Robotti - Italy
- Bahman Guyuron - US
- Olivier Gerbault - France
- Man Koon Suh – Korea

Face

- Giovanni Botti – Italy
- Francisco Bravo - Spain
- Gianluca Campiglio - Italy
- Steve Cohen - US
- Vakis Kontoes - Greece
- Foad Nahai - US
- Mario Pelle-Ceravolo – Italy
- Jerry O'Daniel - US
- Lee Pu - US
- Dirk Richter - Germany
- Renato Saltz – US
- Ozan Sozer - US
- Alex Verpaele – Belgium

Breast & Body Contouring

- Al Aly - UAE
- Ruth Graf – Brazil
- Raul Gonzalez – Brazil
- James Grotting - US
- Moustapha Hamdi - Belgium
- Joseph Hunstad – US
- Frank Lista - Canada
- Apostolos Mandrekas - Greece
- Tim Papadopoulos - Australia
- Arturo Ramirez-Montanana – Mexico
- Carlos Roxo - Brazil
- Peter Rubin - US
- Ozan Sozer - US
- Lina Triana - Colombia
- Akin Yucel – Turkey

Non-Invasive

- Barry DiBernardo - US
- Woffles Wu - Singapore
- Reha Yavuzer – Turkey
